About US

AMP Pearl Pigment Limited is a professionally managed organization engaged in the manufacturing and trading of high-quality pearlescent pigments, colour chemicals, and specialty pigment solutions.

The company traces its origins to **SP Colour & Chemicals**, a proprietorship firm founded in 1998, which built a strong reputation in the pigment industry through consistent quality, customer trust, and innovative product development.

In order to scale operations, expand production capabilities, and bring structured corporate governance, **SP Colour & Chemicals** was formally converted into a limited company under the name **AMP Pearl Pigment Limited**.

COLOUR

PEARL

PIGMENT

Colour pearl pigment, a engaging material utilized across diverse industries such as automotive, cosmetics, and printing, features microscopic reflective flakes that interact with light, resembling the lustrous quality of pearls. Available in a broad spectrum of colours ranging from subtle pastels to vibrant tones, colour pearl pigments offer versatility in their applications. Within automotive coatings, they contribute to creating a sense of depth and dimension, producing striking metallic effects. Within the realm of cosmetics, these pigments confer a radiant luminosity to products like eye shadows, lipsticks, and nail polishes. Furthermore, in printing applications, they enhance the visual allure of packaging and publications, introducing an element of opulence and refinement. Overall, colour pearl pigments serve as a wellspring of inspiration, fostering creativity and advancement in various artistic domains while enhancing the visual charm of a multitude of products.
